

90-B PCB female receptacle - short body, right angle,
Universal Serial Bus Type B

FEATURES:

- Short body design saves PCB real estate
- Staked housing provides excellent solder tail alignment facilitating PCB mounting
- Housing stand offs for anti solder bridging
- Kinked boardlocks provide secure PCB retention
- Housing available in black or white

ELECTRICAL:

- Current rating: 0.5 AMP
- Contact resistance: 30 m Ohm MAX at 1 AMP
- Insulation resistance: 1000 M Ohm at 500V DC
- Operating temperature: -55°C to +85°C
- Dielectric withstanding voltage: 750 VAC at sea level

MATERIAL:

- Contact: Phosphor bronze
- Insulator: LCP UL94V-0
- Solder tails: Tin lead plated
- Shell: Tin plated over nickel underplate
