13:27:12 (lmgrd) The TCP port number in the license, 25734, is already in use.

13:27:12 (lmgrd) Possible causes:

13:27:12 (lmgrd) 1) The license server manager (lmgrd) is already running for this license.

13:27:12 (lmgrd) 2) The OS has not "cleared" this port since lmgrd died.

13:27:12 (lmgrd) 3) Another process is using this port number (unlikely).

13:27:12 (lmgrd) Solutions:

13:27:12 (lmgrd) 1) Make sure lmgrd and all vendor daemons for this

13:27:12 (lmgrd) license are not running.

13:27:12 (lmgrd) 2) You may have to wait for the OS to clear this port.
