

"I make savings" frei nach "Sailing" von Rod Steward...

I make savings  
I make savings  
no investment anymore.  
I make savings everyday  
to save money for the boss.  
I am counting  
I am counting like the devil's behind me  
I am counting like an idiot to save money for the boss.

We pay money  
a lot of money to our investor far away.  
I am dying making savings, don't know why it's not enough.  
Can you hear me  
can you hear me calculating thro' the night.  
I am dying calculating will they ever be satisfied.

We make savings  
we make savings  
no investment anymore.  
VVe make savings everyday  
to save money for the boss.
